CROSSING BRIDGES

*One Man's Journey to Find His Lost Father
...and Himself*

By Patrick Wholey

Find the answers...

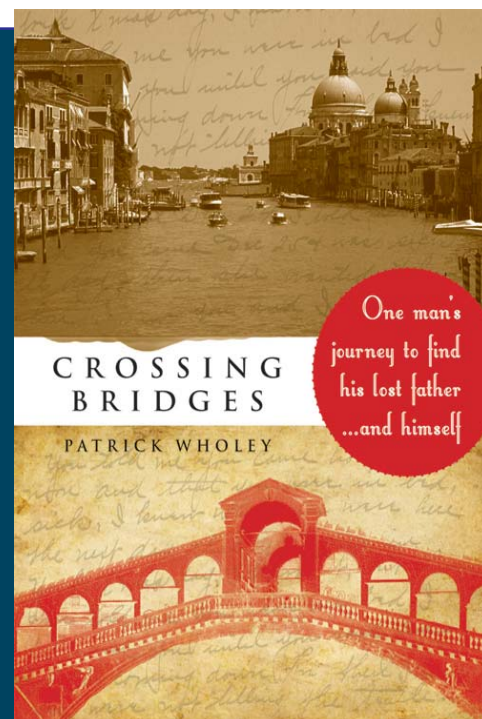

Sometimes we have to go far away to find answers to the questions that loom over very heads. Such is the case in this hard-hitting true story of the author and his brilliant and creative father. Struck by a nearly fatal illness while in the ancient city of Venice, the father is saved by an angel-like native. "Carlos" goes "above and beyond" to help unite not only father and son, but son and wife as well. Along with a story to touch the heart, Pat Wholey gives us one of the best travelogues you'll ever read. As the drama plays out, you'll feel as though you're walking along the canals, meeting the people and experiencing the sights, sounds and aromas of Venice for yourself!
